

Roswell Rotary Energy Message from President

Bunny Shirt Recipients

Goal: Every Club Member!

****Rotary Members Show Strong Participation and Service in First Quarter****

Roswell Rotary Club is off to a fantastic start this year! We are thrilled to announce that 130 members have already received their Bunny shirts, showing great enthusiasm and unity within the club. With 228 members in total, there's still a chance to grab your Bunny shirt in the coming weeks. Let's aim for 100% participation!

Beyond the shirts, we're also celebrating the incredible dedication of our members, who have actively engaged in over 15 service projects during the first quarter alone. From local community efforts to international outreach, your hard work is making a real impact. Thank you to everyone who has stepped up to make a difference. Let's keep up the momentum and continue to lead by example in service and fellowship!

****Cybersecurity Talk****

Last week's Rotary meeting featured an enlightening presentation on the critical topic of cybersecurity. Tony, an expert in the field, provided valuable insights into how individuals and businesses can protect themselves from the growing threat of cyberattacks. Thank you to all who attended and to our guest speaker for such a valuable session. As we continue to engage with important issues like cybersecurity, we remain committed to empowering our members with the knowledge and resources they need to navigate today's challenges.

Youth Services is excited to announce a new event: A Multi-Generational Team Fishing Derby. Craig Fuller with Roswell Area Parks & Recreation has challenged Roswell Rotarians to launch our first derby! Once checked in, each team will make their own Bamboo Fishing Rod and proceed to the lake! Adults get a "coupon" for a free Gate City beer and Blessed Family cocktail. Youth will get a Junior Tackle Box and their bamboo fishing rod. There will also be an opportunity to earn tickets while fishing which can be spent at the Tackle Shop, where participants can trade tickets for fishing line, bobbers, weights, a pen knife or tweezers, hooks, etc.

Important Information:

- Catch & Release
- No Fishing License Required
- What you may catch in the pond: Bass, Brim, Catfish, turtles, litter, etc.

Where: Between the Visual Arts Building and the Lake on the Roswell Area Park Campus

Sign-

Up: <https://www.signupgenius.com/go/10C0F49ADAC29ABFAC43-51349028-multi>

Fishing Teams: Ideally, a fishing team will have at least 3 members from at least 2 generations... parent-age/child, grandparent-age/child & child, etc. However, if you want to participate without a team, please sign up! There will be youth who need adults and adults who need youth for their teams. RRC, Jim Savage will break the ice and form teams.

Volunteer: In addition to the Derby's amazing committee made up of Priya Crumpton, Becky Nelson, Jim Savage, Mary Trapp, and Craig Fuller - 2 additional amazing committee members are needed.

Jim is looking for 5 strikingly adept volunteers to help in the Bamboo Rod-making area.

Yech. Why is Tofu served for lunch?

How did you get so far in life with doing or trying something different? In business and family. Most of weren't born into Rotary; we had to try it out.

Typical objections are texture and lack of taste. Lack of taste is easy: Juan and crew put a flavorful sauce on it...or you can eat it with any other more flavorful food on your plate -- including any salad item/dressing.

For texture, give Juan's crew's effort a chance. It is firm yet soft. Ready to be partnered with nearly anything else on your plate.

Why? We all have an increased need for **protein** as we age (more fried chicken....or, you guessed it, tofu) because:

- During Recovery from Illness or Surgery, the body needs more protein to repair tissues and support the immune system.
- Physical Training and Muscle Building, require more protein to repair and build muscle tissue, support recovery, and enhance performance.
- Adult 65+ become less efficient at using protein, and muscle mass naturally decreases (a condition known as sarcopenia). To counteract this, higher protein intake can help preserve muscle mass, support bone health, and reduce the risk of frailty.

Tofu, a popular plant-based protein made from soybeans, offers several health benefits

- Rich Source of Protein
- Low in Calories and Fat....and cholesterol-free
- Rich in Nutrients such as calcium, iron, magnesium, and phosphorus.
- Contains Antioxidants: Tofu contains antioxidants, which can help reduce inflammation and protect against chronic diseases like cancer and heart disease.
- Supports Blood Sugar Control
- May Support Hormonal Balance

Think again. Eat more protein.
